PROFESSIONAL SUMMARY

Passionate and detail-oriented Full Stack Developer with over 1 year of experience designing and building responsive, scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in creating efficient, clean, and maintainable code with strong expertise in RESTful APIs, database design, and version control. Proven ability to manage projects independently from concept to deployment, delivering high-quality solutions on time. Adept at collaborating with teams and continuously learning emerging technologies to drive innovation.

EDUCATION

BSc (Hons) in Information Technology - Software Engineering

Sri Lanka Institute of Information Technology, Malabe, Sri Lanka

2023 – Expected 2027

- Completed first two years with strong foundation in programming, databases, and web development.
- Proficient in Java, JavaScript, HTML/CSS, MongoDB, and React.js.
- Developed practical projects using MERN stack including e-commerce applications.

PROJECTS
